

Ableton Live - RGB Demo

Please follow the Getting Started Guide in the box in order to download and register Ableton Live Lite

Ableton Live Lite is available here:

<http://www.ableton.com/live-lite>

Your Ableton Live Lite code is available on the card in the box

Once you have this up and running download the Ableton Live - RGB Demo from the Novation website

<http://www.novationmusic.com/downloads>

Run Live and go to 'File' – 'Open Live Set...' and select the 'Ableton Live – RGB Demo'

You can hear the demo straight away by pressing PLAY in Live

To enable the Light show you need to do the following:

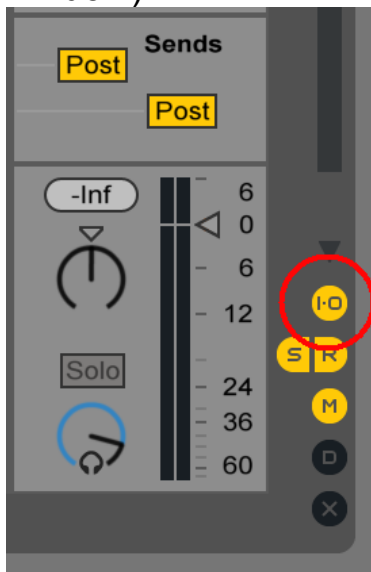

1. Press TAB to see the clip view screen

Drums	Ride and Clap	Sub Bass	Atmospher
▶ Intro Drums	▶ Automated Clap	▶ Sub Bass	▶ Backward
▶ Driving Drums	▶ Ride only	▶ Sub Bass high	▶ Debussy
▶ Kick Drums	▶ Ride and Clap		
▶ Main Drums			
		▶ Sub Bass	▶ Backward
▶ Drums1	▶ Ride and Clap	▶ Sub Bass	▶ Backward
▶ Full Drums	▶ Ride Only	▶ Sub Bass	▶ Debussy
▶ Full Drums	▶ Ride and Clap-1	▶ Sub Bass	▶ Debussy

2. Locate the track called 'User 1 Light show'

User 1 Light sho
▶ Snake
▶ Glowing Core
▶ Robot Throw
▶ Backwards Thro
▶ Flashing Cross
▶ Tick Tock

3. Make sure the 'I-O' button is on (far right hand side of the program window)

4. Select your product in the 'MIDI To' drop-down list for the 'User 1 Light show' track

5. Select the correct MIDI channel to send to your product:

- Launchpad Pro – Channel 6
- Launchpad – Channel 6
- Launchkey – Channel 16

6. Select the mode / view / layout on your product:

- Launchpad Pro – press 'User'
- Launchpad – press 'User 1'
- Launchkey – turn off InControl for pads

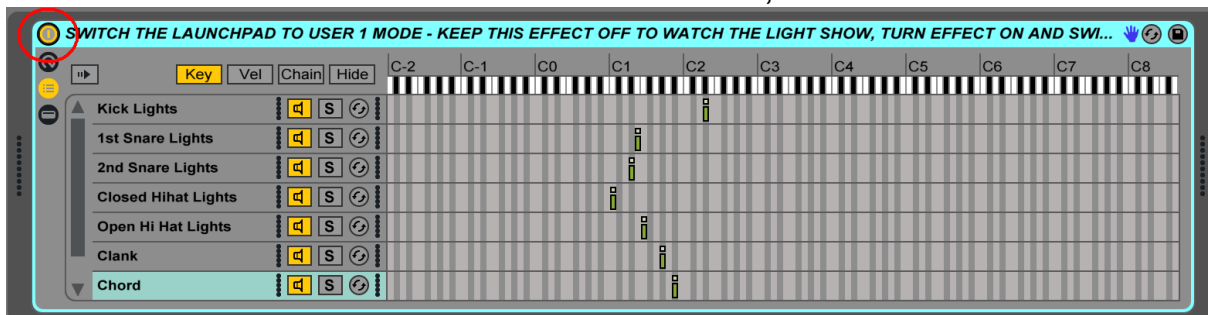

7. Finally, press PLAY in Live and watch the show!

There is a second type of lightshow that responds to the drum track. In order to see this do the following:

8. Change the 'Monitor' setting for the 'User 1 Light show' track to 'In'

9. Double-click the track title 'User 1 Light show'
10. In the Device area at the bottom of the screen, turn on the effect

11. Press PLAY in Live or press keys / pads to see the effect!
